Operation #1559673-10451  
American Adoptions of Texas

Dear Mr. Mars:

Enclosed is your permit to operate a(n) Child Placing Agency, American Adoptions of Texas, located at 700 N CARROLL AVE, STE 160, SOUTHLAKE, TX 76092-6460. This permit replaces any permit you may have been issued in the past.

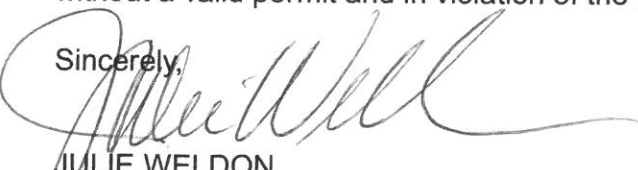

The Human Resources Code, Chapter 42, requires continuing compliance with minimum standard rules, the law, and the restrictions on your permit. Chapter 42 of the Human Resources Code provides that licensing staff may inspect, investigate and evaluate your operation during operating hours. Periodic inspections will be made to your operation to determine compliance with the law. The Human Resources Code requires at least one unannounced inspection each year. Other inspections may or may not be announced.

You may not make changes in the operation of your program (add or subtract space, change age range of children, change services listed on your permit, etc.) without approval from licensing staff and reissuance of the permit if necessary. The law also requires that licensing staff investigate complaints made about your operation. Your permit is valid only for the location and the person (governing body) stated on the permit. If the operation changes ownership or location, a new permit must be issued and the previous permit must be returned.

Please inform me promptly of any plans to change location or ownership to avoid operating without a valid permit and in violation of the law.
